

CHARTER OF THE YOUNG LIBERALS OF CANADA

PREAMBLE

The Young Liberals of Canada are the officially recognized youth wing of the Liberal Party of Canada. The YLC is comprised of registered Liberals ages 14 to 25, organized into clubs in ridings and on post-secondary campuses in each of Canada's provinces and territories. The YLC's mission is serving as a strong voice for the values and priorities of Young Liberals within the party while promoting Liberal ideals and policies to all young Canadians.

Reflecting the energy and diversity of Canada's young people, the YLC works to engage them in the political process. Young Liberals are committed to ensuring all young Canadians vote in elections, advocate for progressive issues and help elect Liberals to office. Through this, the YLC empowers the next generation of Canadian leaders, bringing them together to build a better country.

With a history of activism dating back to 1936, the YLC's direction is informed by our Liberal values. These recognize the dignity of each individual, regardless of gender identity or sexual orientation. They acknowledge the unique contributions and challenges of Indigenous peoples, the equality of English and French and the need to protect and strengthen Canada's ethnic and linguistic diversity.

Young Liberals see government as a force for good in the world and strive to ensure it lives up to its obligations to society's most vulnerable. They believe that every Canadian has the right to a good education, quality health care and affordable housing. They are proud of our country's natural beauty and believe that a sustainable economy goes hand in hand with a healthy and clean environment. They want Canada to be a global leader, working towards a more peaceful and just world. Young Liberals know that these are more than ideas - they are issues that affect young people's everyday lives. This informs Young Liberal activism both within the party and nationwide.

Led by the national executive, the Young Liberals of Canada are committed to engaging every young Canadian in support of our growing movement. To this end, the YLC has instituted the necessary structures and policies to allow any young Canadian to become involved and affect change in their community and country. Outlined in this charter are the procedures through which the Young Liberals of Canada work on behalf of all registered Young Liberals.
